

Joy Spring

Isn't spring your favorite season

- watchin' the flowers bloomin' up from the ground

Watchin' the snow melt down, boy

- you may dig winter, boy, but spring is my joy

It's got me feelin' so glad the days are breezy

- you've got the time to say "hello" and give a smile

Feelin' real good is in style

- you may dig winter, boy, but spring is my joy

It's something special - haven't you observed it makes glad to be alive

It's not absurd to say that spring helps you survive

The winter's long miserable snow and rain - it gives you hope to know

That spring will get a refrain - you only have to believe

The day is comin' - the world is hummin', thinkin' about how good it will be

And that goes double for me - you may dig winter, boy, but spring is my joy
